

Small But Mighty
Music and Lyrics by Ginalina

Verse 1

Every child, they have a name
Every spark can be a flame
One idea can bloom to fame
Small but mighty
Every step can be a start
Every word can touch a heart
Everyone can play a part
Small but mighty

Chorus

We are small but we are mighty
We are small but we are mighty

Verse 2

Every seed can be a tree
Every thought can wander free
Every one can choose to be
Small but mighty
And every star can be a light
Every dream can take to flight
As we are, we're shining bright
Small But Mighty

Chorus

We are small but we are mighty
We are small but we are mighty

Instrumental
